Tournament officials may inspect boats, tackle, and equipment at any time, before, during, or after the tournament. All boats must meet or exceed State and Federal safety requirements.

BOAT OPERATION– Each entrant is required to wear a US Coast Guard approved

PFD upon take-off each day and whenever the boat is being operated at planning speed. Teams will depart only under the direction of tournament officials. It is considered good sportsmanship to maintain a minimum distance of 20 feet from another boat, No boat contact will be allowed except by a tournament patrol boat. Use of cell phones, CB and Marine radios will not be allowed except in an emergency.

CATCH & REALESE POLICY (CULLING) – **The use of an aerated livewell is mandatory.** All fish must be kept in good condition. All fish that have been injured by hook or by handling may not be released. The release of an injured fish, including any fish that float to the surface, is not allowed and may result in disqualification. At no time may a team's livewell contain more than six (6) walleye. Whenever a fish in the livewell is replaced with new catch, the fish to be released must be in good condition. Washington State regulations require all walleye contestants to have and use a livewell which has a water capacity of at least 20 gallons. All livewells must have both a functional freshwater pump and aeration capability.

CHECKING IN AND LATE PENALTY – All boats must be checked in each day at the designated on-the-water tournament check in station (same place as take-off each morning – the pontoon boat sitting just off shore from the entrance of Kettle Falls Marina), regardless if the team has fish or not. The team number and arrival time will be recorded upon arrival. It is the team's sole responsibility to see that their boat number is viewable and properly recorded. Boats arriving after the official check time but within 5 minutes of it will be penalized 10% of that day's catch weight, and will be eliminated from any big fish prizes. Boats over 5 minutes late will be disqualified entirely for that day. In the event of a backlog of boats at the check in station, boats that have arrived prior to the deadline will not be penalized. Once a team has checked in they are no longer eligible to fish for that day.

SCORING – Each team may weigh up to 6 walleye per day, only 2 of which may be longer than 22". Any fish that shows signs of poor handling will not be counted. The Weighmaster will make all determinations as to the condition of each fish, as well as length and weight. Final measurement is determined on a flat board with mouth closed and tail in a relaxed position. Any team's bag limit containing fish in excess of two over 22" will be disqualified for that day. Each dead fish weighed in will be penalized 8 oz. **A dead fish is not eligible for big fish award.** Final weight is determined after any penalties have been assessed.
