                  Secretary Lloyd Spooner

Board Members:     George Allen  
                          Rick Bernard  
                          Larry Quaintance  
                          Gary Sweigert

---

Meeting was called to order at 6:00PM. An excellent BBQ potluck was enjoyed by all in attendance. President Chuck Dunning manned the grill cooking hamburgers and hotdogs.

After everyone had their fill, Mr. Eric Magnuson who is a pro staff member for Macks's Lures, gave an excellent presentation about how to use different techniques and tackle to catch Walleye on INW Walleye waters.

The attendees of the August club fish day at Hunters had a good day of fishing and a nice lunch provided by the club. We need to work on ways to get more members to attend these events.

The fall campout will be held at Gifford campground September 8-10. Breakfast will be a group event on Sunday. Vice President Ken Shatzer will be in site 32 and will be the gathering spot for this event. There will be a fishing contest for smallest and biggest Walleye. Each member will be responsible for reserving their own site and will not be reimbursed by the club.

# Spokane Walleye Club General Meeting Minutes

The treasurers office has been vacant since the departure of Alan Walker. George Allen volunteered to take over the office and this was motioned, seconded, and approved unanimously. George already is already a signor on the account and has the relevant information needed to fulfill his duties.

Lake Spokane (Long Lake) access during the off season was discussed. We need to petition the county commissioners to keep the launches open early and late season.

September meeting speaker will be members of the tribal fisheries team. They will discuss the future of the fisheries in Lake Roosevelt.

Meeting adjourned at 7:30PM
