Good success reported on the main lake upstream from the Spokane Arm recently with several caught, but none were large.

Travis Scholten reported good success in the Spokane Arm recently. He also caught a 31" thirteen pound beast Walleye on the Snake River not long ago; it is posted on the club website. He caught it with a crank bait.

Good success reported Saturday in the Colville River at 20-40' with 18-19" fish.

#### Tournament Trailer

George Allen advised that he has had a couple of people look at our tournament trailer, with possibly more pending, however no offers have been received so far. John volunteered Shirley's services in helping to market the trailer.

#### August Meeting — August 25, 2021 at 6:00 PM

This is our annual family BBQ dinner and pot luck. The meeting will begin an hour earlier at 6:00 PM. There will be no board meeting and no speaker. We will have a brief membership meeting after the dinner.

#### Fall Campout — Fort Spokane, September 9-14, 2021

Greg has reserved the group campsite. Check-in will be at 1:00 PM on Thursday, September 9th and check-out will be at noon on Tuesday, September 14th. Greg showed the campground map on the overhead projector and gave directions.

The format will be the same as in past years.

We will have the usual informal club fishing contest, which will be between 8:00 AM and 2:00 PM on Saturday. The awards will be at 2:30 PM for biggest fish and biggest three-fish bag. Contestants with a big bag and a big fish cannot win both, they must select one or the other. Fish over 24" should be released. If they cannot be held in a livewell, they should be weighed, measured and photographed before being released.

Pot luck dinner will be at 4:00 PM on Saturday. Pot luck breakfast will be on Sunday morning at 9:00 AM.

#### Speaker Presentation

Greg Koch gave an excellent presentation, as usual, on fishing for Walleye at Rufus Woods, which has plenty of intricacies and lots of good fish to be had. *Thanks, Greg!*
